

# Magnolia Manor of Inman

May 13, 2020

To Our Valued Residents, Families and Representatives:

We want to inform you that Magnolia Manor Inman has received confirmation that a resident has tested positive for COVID-19, which brings the total number of cases in our facility to 2. While we are disappointed that COVID-19 is in our facility, we are following the recommendations of our federal, state and local health officials and working hard to prevent further spread of this virus.

Only essential personnel are permitted inside the facility and they are screened for signs and symptoms of illness prior to entering the building, all residents are continually monitored, Housekeeping is performing regular deep cleanings of the facility, staff receives education and wears personal protective equipment (PPE) as recommended by the CDC, group activities have been suspended and staff is providing individual activities for residents, we are implementing isolation protocols as required, and we encourage staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

In an effort to provide you with up-to-date information about COVID-19 in our facility, we will notify you of newly confirmed cases of COVID-19 as well as when three or more residents and/or staff present with new onset respiratory symptoms that occur within 72 hours. We will also update you with any new steps we are taking to prevent and reduce the risk of transmission of COVID-19.

To ensure that all parties are notified as quickly as possible and have access to the most recent notifications, **we will post all updates on our facility website at [www.magnoliamanorinman.com](http://www.magnoliamanorinman.com)** under the COVID-19 information tab. We will provide specific updates to representatives/families regarding a resident's condition if he/she tests positive for COVID-19 or is displaying symptoms of COVID-19. We also encourage you to visit the CDC website ([www.cdc.gov](http://www.cdc.gov)) to learn more about COVID-19 and how you can help prevent the spread of this virus.

We understand these uncertain times bring up many questions, and while we are making every effort to provide you with as much information as possible, we are happy to answer any questions or you have. Please feel free to contact us directly at 864-472-9055.

Sincerely,

Dave Pearson  
Administrator

## **COVID-19 NOTIFICATION**

**May 15, 2020**

**Number of additional confirmed COVID-19 cases in the last 24 hours: 10**

Please continue to check our website for additional updates and information on what we are doing to help prevent further spread of COVID-19 in our facility.

If you have any questions or concerns about this notification, please contact us directly at 864-472-9055.

## **COVID-19 NOTIFICATION**

## **COVID-19 NOTIFICATION**

**May 29, 2020**

**Number of additional confirmed COVID-19 cases in the last 24 hours: 4**

Please continue to check our website for additional updates and information on what we are doing to help prevent further spread of COVID-19 in our facility.

If you have any questions or concerns about this notification, please contact us directly at 864-472-9055.

May 29, 2020

To Our Valued Residents, Families and Representatives:

Please accept this letter as an update to inform you about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

We have been extremely busy these past few weeks administering tests in line with the federal and state mandates for mass testing of residents and staff. Our facility has administered over 400 tests beginning May 11<sup>th</sup> and concluding May 22<sup>nd</sup>. We are still waiting for results on all of the tests, but can confirm that, as of today, 84 residents and 13 staff members have tested positive for COVID-19.

While we are disappointed to see the increased number of cases in our facility, we knew that our numbers would likely go up as a result of mass testing. Rather than be discouraged by more known cases, we are encouraged that access to testing is improving our ability to respond to this virus and will enable us to protect our residents and staff in a more targeted way moving forward.

We are committed to seeing the number of positive cases in our facility go down and we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will post updates on our facility website and we will individually notify representatives/families regarding a resident's condition if he/she tests positive for COVID-19 or is displaying symptoms of COVID-19. If you have any questions or concerns please contact us directly at 864-472-9055.

Sincerely,

*Dave Pearson*
