**8/13/20 Weekly Update**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the beginning of the pandemic we have had a total of 119 residents and 23 staff test positive for COVID-19. Due to transition in a couple key management team member positions causing an error in capturing accurate historical statistics, the above number of residents testing positive has been corrected to 119 from previous reports of 56.

We are happy to report that, as of today, we continue to have no confirmed resident cases of COVID-19 in our facility. We currently have 1 employee being quarantined for testing positive in the last week. These results are attributed to sustained daily efforts on the part of our entire team and to all of you to adhere to the protocols implemented to keep everyone safe. We will not let our guard down as we continue to battle this invisible enemy.

Please continue to check our website for weekly updates as well as notifications if any new cases arise. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 864-472-9055

Very truly yours,
