## **9/10/20 Weekly Update**

Dear Residents and Families/Representatives:

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Based upon recent federal requirements applicable to all nursing homes, we have been testing all employees and residents twice per week for the last couple of weeks and are pleased to report no positive test results.

1 resident who transferred to us from the hospital was positive, however, that resident is no longer in the facility. Since the beginning of the pandemic we have had a total of 122 residents and 23 staff test positive for COVID19.

In the very near future we will be updating you regarding how family visitation can be re-instituted and what protocols need to be in place for this to occur so please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19. If you have any questions or concerns please contact us directly at 864-472-9055.

Very truly yours,

*Ronald A. Denti, LNHA*
