9/3/20 Weekly Update

Dear Residents and Families/Representatives:

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Based upon new federal requirements applicable to all nursing homes, we are now in the process of testing all employees and residents. Many employees and residents have already been tested with no employees testing positive. 1 resident has tested positive, however this resident had a planned transfer in progress to one of our sister buildings so that resident is no longer in the building.

Since the beginning of the pandemic we have had a total of 121 residents and 23 staff test positive for COVID-19.

In the very near future we will be updating you regarding how family visitation can be re-instituted and what protocols need to be in place for this to occur so please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 864-472-9055

Very truly yours,

Ronald A. Denti, LNHA
